Here's the presentation slides for today's meeting.

Hi folks,

May 7th is a conflict for several folks. For those with conflicts, May 26, 28, and 29 were available, and May 26th looks like fairly open on your calendars. So let's try this again. If you have a conflict with the 26th, let me know if you're available on the 28th or 29th. I'll try to find a date that works for all of us, but we may have to go with the date that works for the most folks.

Thanks,

Matt

Hi all,

We're working on scheduling a CSTAG briefing on Portland Harbor. The RPM, Kristine Koch, sent us some potential dates for the briefing. It looks to me like May 7th at 12:00 EDT has the fewest conflicts. If this time doesn't work for you, please suggest a better time from the following dates: [May 7, 8, 12, 15, 22, 26, 28 & 29](#).

Thanks,

Matt
